P R O J E C T S

ALVANDIBOOKS

https://github.com/andiconner/alvandi-books.git   https://alvandi-books.herokuapp.com/

Interactive MERN SPA project for the Full Stack Web Development Boot Camp.
ALVANDI Books is an online bookstore. A platform where we sell second-hand books at a discounted rate.

Technology used: JavaScript, Node.js, Express, React, Apollo Server, Graphql, Mongodb, Mongoose, Redux, JWT for authentication, Styled Components, Dotenv, Heroku

START US
GROWING TOGETHER

https://github.com/Cesar863/start-us   https://start-us-team-borderline.herokuapp.com/

A fullstack app for local freelance services and businesses. The app gives early graduated developers an opportunity to increase their portfolio and coding experience by allowing them to commit to contracts being offered by local small businesses. And give start up businesses the opportunity to have an online presence at a discounted rate by allowing them to create a "Service Request" detailing what type of service they are looking for and the price they are willing to pay.

Technology used: Server-side JavaScript, RESTful APIs, databases, object-relational mapping, environment variables, templating, and authentication. Bcrypt, bulma, connect-session-sequelize, express-handlebar, express-session, Jest, MYSQL, MYSQL2, Node.js.
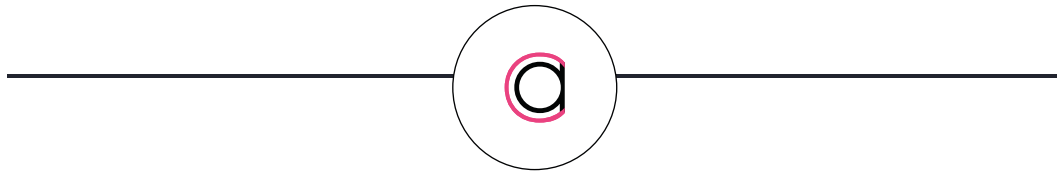

SHELLTER

https://github.com/rebeccadherrera/shellter   https://rebeccadherrera.github.io/shellter/

Interactive Front-End Project that helps victims of abuse find reasonably price hotels in New York

Technology used: Bulma CSS framework, HTML, JavaScript, 2 server-side APIs (google maps and city of NY), client-side storage to store persistent data, deployed to GitHub Pages.

TechTalk

https://github.com/andiconner/tech-talk.git   https://tech-talk-by-ac.herokuapp.com/

Fullstack CMS-style blog site similar to a Wordpress site, where developers can publish their blog posts and comment on other developers' posts as well.

Technology used: The app will follow the MVC paradigm in its architectural structure, using Handlebars.js as the templating language, Sequelize as the ORM, and the express-session npm package for authentication.

FIVESTAR
DIGITAL MARKETING

https://5sdms.com/

Wordpress website and brand identity developed for a digital marketing company as a freelance web/graphic designer.
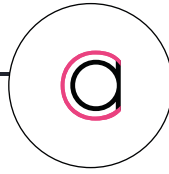

Be Light
TRADING   COMING SOON!

https://belighttrading.com

Be Light Trading is an online marketplace where the Christian community can buy, sell, and give money back to their own ministries. The Initial idea is to sell books, being open to sell other Christian products in the future.
